Dr G D Armstrong
DiverseyLever
PO Box 10
3600 AA Maarssen
Netherlands

19 July 1999

R57718 -Surfzyme/Zymo - USA

Application Area: Manual Car Part Cleaner (Dubois manual)

Formulation Reference:

Following an assessment of toxicological and safety issues by SEAC Toxicology Unit, Colworth the above product identified in the DiverseyLever application of 1 July 1997 may be marketed in the Industrial and Institutional Products sector.

As the diluted product will be used manually workers are advised to wear protection for the skin.

It is the responsibility of the individual operating company to ensure compliance with local legislation.

Dr B Sangster
Head of SEAC
