for the 21st Century**

# SPRAY CABINET TECHNICAL BULLETIN: ZYMO® Models 50-70

## Description

The ZYMO® Model 50-70 spray cabinets are used with the latest NSF approved patented bioremediation technology for pollution prevention along with a non-flammable, neutral pH cleaner called Surfzyme® HD. Spray cabinet systems are automated with a tray which revolves through a pressurized spray of the Surfzyme® cleaning solution to degrease the part.

## Key Properties

- ✓ Custom Designs and modifications Available
- ✓ Heavy duty steel or stainless construction
- ✓ Optional motorised baskets, rinse and drying cycles
- ✓ Optional vertical pump for heavy duty washing (engine blocks)
- ✓ Front loader for very large pieces
- ✓ All work at 0 - 60° C
- ✓ Uses NSF approved Bioremediation
- ✓ No Volatile Organic Compounds (VOCs) – uses Surfzyme® HD – NSF & SCAQMD approved cleaner
- ✓ Non-flammable, Non-hazardous, Non-Corrosive – uses Surfzyme® HD
- ✓ Easy 3 Step set-up: Plug in unit, add Surfzyme and turn on unit
